

Chilliwack Society for Community Living (CSCL) is a non-profit, charitable organization serving children and youth with special needs and adults with developmental disabilities for over sixty years in Chilliwack and surrounding communities. Committed to full inclusion, CSCL works in partnership with other service providers and businesses to create opportunities for everyone to find belonging, whether through employment, recreational pursuits, finding a place to live or building relationships.

In summer of 2017, CSCL was approached by the Montreal Canadiens Alumni Team and invited to host an alumni game in Chilliwack. We are excited to bring this game to our community on February 15, 2018 as a charity fundraiser for CSCL. All proceeds will be used in the direct support of individuals with disabilities; particularly for therapies and supports that are not funded by government.

We invite you to be a sponsor of this exciting event!
