

Chilliwack Society for Community Living (CSCL) is a charitable organization serving children and youth with special needs and adults with developmental disabilities for over sixty years in Chilliwack and surrounding communities. Committed to full inclusion, CSCL works in partnership with other service providers and businesses to create opportunities for everyone to find belonging, whether through employment, recreational pursuits, finding a place to live or building relationships.

In spring of 2018, CSCL was approached by the Boston Bruins Alumni Team and invited to host an alumni game in Chilliwack following a very successful event with the Montreal Canadiens Alumni Team. We are excited to bring the Boston Bruins Alumni game to our community on **February 23, 2019** as a charity fundraiser for CSCL. All proceeds will be used in the direct support of individuals with disabilities; particularly for therapies and supports that are not funded by government.

We invite you to be a sponsor of this exciting event!
